NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and basis of presentation

Boardwalk Regency Corporation (the "Company"), a New Jersey corporation, is a wholly owned subsidiary of Caesars New Jersey, Inc. ("CNJ"), a New Jersey corporation. The Company owns and operates Caesars Atlantic City Hotel/Casino ("CAC") in Atlantic City, New Jersey. CNJ is a wholly owned subsidiary of Caesars World, Inc. ("CWI"), a Florida corporation, and CWI is a wholly owned subsidiary of Harrah's Operating Company, Inc. ("Harrah's"). The Company operates in one industry segment and all significant revenues arise from its casino and supporting hotel operations.

Prior to June 13, 2005, the Company was 100% owned by Caesars Entertainment, Inc. On June 13, 2005, Harrah's Entertainment, Inc. ("HEI") completed the acquisition of 100 percent of the outstanding shares of CEI. Following the purchase, the Company became an indirect wholly-owned subsidiary of Harrah's Operating Company, Inc.

In conjunction with the acquisition, total equity was adjusted to the purchase price assigned to the Company, retained earnings of the Company were eliminated and the assets and liabilities of the Company were adjusted to fair value with goodwill recorded for the excess of the purchase price over the fair value of the net tangible and intangible assets. Harrah's determined the estimated fair values based on independent appraisals, discounted cash flows, quoted market prices and estimates made by management. The purchase price allocation is in process and will be completed within one year of the acquisition; thus, the allocation of the price is subject to refinement. The following table summarizes the estimated fair value of the Company's assets acquired and liabilities assumed at the date of acquisition (in thousands):

Current assets	\$ 49,302
Land, buildings and equipment	631,989
Other assets	38,636
Due from affiliates (net)	42,797
Goodwill	253,512
Intangible assets	<u>273,000</u>
Total assets acquired	<u>\$ 1,289,236</u>
Current liabilities	\$ 66,788
Deferred income taxes	126,773

Total liabilities assumed	<u>\$ 718,975</u>

Boardwalk Regency Corporation (Caesars Atlantic City)
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(All dollar amounts in thousands)

For purposes of this regulatory filing, adjustments to the historical assets of the Company were reflected on December 31, 2005 and in its statement of operations for the three months and twelve months ended December 31, 2005 and in its statement of cash flows for the twelve months ended December 31, 2005. The operations of the Company for the periods prior to January 1, 2005 and for the period from January 1, 2005 through June 13, 2005 are referred to in these financial statements as the "Predecessor Company." The operations of the Company for the period from June 14, 2005 through December 31, 2005 are referred to in these financial statements as the "Company." The financial statements are required to represent a complete year of operations to satisfy regulatory requirements; however, accounting principles generally accepted in the United States require the results of the Predecessor Company's operations to be presented separately due to the different basis of accounting between the periods due to the acquisition on June 13, 2005. The Company's balance sheet, statements of income and statements of cash flow are not comparable to the Predecessor Company and are not presented here. For information on prior year, please refer to the Quarterly Report at December 31, 2004. The Company has assumed all Predecessor Company's obligations.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenue and expenses reported during the period. Actual results could differ from such estimates.

Revenue recognition and promotional allowances

Casino revenues represent the net revenue from gaming wins and losses. The revenues from hotel, food and beverage, and from theater ticket sales are recognized at the time the related services are performed. The Statement of Income reflects operating revenues including the retail value of complimentary services (also known as promotional allowances), which are deducted on a separate line to arrive at net revenues. Promotional allowances are provided to casino patrons without charge.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined using the weighted average cost method.

NOTES TO FINANCIAL STATEMENTS
(Unaudited)
-(All dollar amounts in thousands)

Property and equipment

Depreciation is provided on the straight-line basis over the estimated economic lives of the related assets. Depreciation expense was \$11,855 for the three months ended December 31, 2005, and \$37,041 for the twelve months ended December 31, 2005.

<u>Asset class</u>	<u>Life</u>
Buildings	40 years
Building improvements	3-10 years
Furniture, Fixtures and Equipment	3-10 years

On November 28, 2005, the Company entered into an agreement to sell a parcel of land to an unrelated third party. The value of the land was adjusted to its fair value through the purchase price allocation.

Goodwill and Other Intangible Assets

With the adoption of Statement of Financial Accounting Standards ("SFAS") No. 142, *Goodwill and Other Intangible Assets*, the Company is required to perform at least an annual review of goodwill and non-amortizing intangibles. The purchase price allocation related to the Caesars acquisition is in process; therefore, the annual assessment was not deemed necessary. With the adoption of SFAS No. 142, the Company does not amortize goodwill.

The other intangible assets include trademark totaling \$63 million and customer relationships (database) totaling \$210 million. The trademark has been determined to have an indefinite life and accordingly is not amortized. The customer relationships have been determined to have a useful life of 15 years and are being amortized using the straight-line method. Amortization expense for the period June 13, 2005 to December 31, 2005 was approximately \$7.7 million. Estimated annual amortization expense for each of the years ending December 31, 2006, 2007, 2008, 2009 and 2010 is approximately \$14 million.

Connection Card Program

The Connection Card Program offers incentives to customers who gamble at Caesars casinos. Under the program, customers are able to accumulate, or bank, credits over time that they may redeem at their discretion under the terms of the program. The credit balance will be forfeited if the customer does not use the credit over the prior one-year period. The estimated incremental costs of

Boardwalk Regency Corporation (Caesars Atlantic City)

the goods or services to be provided when the credits are redeemed, after consideration of estimated breakage, are expensed as the credits are earned. To arrive at the estimated costs associated with the credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates and the mix of goods and services for which credits will be redeemed. The Company uses historical data to assist in the determination of estimated accruals.

In December 2005, the Company changed the method of calculating its liability by applying a Harrah's company-wide method. This resulted in an increase to the liability of \$3.9 million. Of this amount, \$1.3 million was attributed to pre-acquisition balances and adjusted to purchase price. Of the remaining amount, \$1.2 million was attributed to a change in method and was charged as a non-operating expense. \$1.4 million was considered current operating expense and is included in Casino Expense.

The amount accrued for the costs of anticipated credit redemptions was approximately \$7.4 million as of December 31, 2005.

Fair values of financial instruments

The fair values of the Company's financial instruments including receivables, payables and debt, approximate their recorded book values at December 31, 2005.

Accounting Pronouncements

In November 2002, the FASB issued Interpretation No. ("FIN") 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of the Indebtedness of Others." FIN No. 45 elaborates on the disclosures to be made by a guarantor about its obligations under certain guarantees issued. It also clarifies that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this Interpretation apply to guarantees issued or modified after December 31, 2002. Implementation of this Interpretation did not have a material impact on the Company's financial statements.

In 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities." FIN No. 46 addresses consolidation of entities that are not controllable through voting interest or in which the equity investors do not bear the residual economic risks and rewards. These entities have commonly been referred to as special purpose entities. The Interpretation provides guidance related to identifying variable interest entities and determining whether such entities should be consolidated. It also provides guidance related to the interest in newly consolidated variable interest entities and requires disclosures for both the primary beneficiary of a variable interest entity and other beneficiaries of the entity. Implementation of this Interpretation did not have a material impact on

the Company's financial statements, as the Company does not have any variable interest entities.

Income taxes

Taxable income or loss of the Company is included in the consolidated Federal income tax return of CEI through June 13, 2005 and Harrah's thereafter. The Company provides for income taxes by applying the respective state and federal statutory rates to pre-tax financial statement income. The corresponding liability is credited to its corporate parent via other current liabilities. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

Prior to the acquisition of the Company by Harrah's, any corresponding tax liability or receivable was credited or charged to CEI in accordance with the tax sharing agreement between CEI and the Company. After the acquisition by Harrah's, any corresponding tax liability or receivable is credited or charged to the Company in accordance with Harrah's overall tax accounting policies. Accordingly, the Company's balance sheet reports deferred income taxes to reflect the net effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amounts used for income tax purposes.

The income tax provision or benefit for the period ended December 31, 2005 are as follows:

Casino Reinvestment Development Authority

The New Jersey Casino Control Act provides, among other things, for an assessment of licensees equal to 1.25% of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company has satisfied this investment obligation by (i) investing in qualified eligible direct investments, (ii) making qualified contributions or (iii) depositing funds with the Casino Reinvestment Development Authority ("CRDA"). Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have varying terms of up to fifty years and bear interest at below market rates. The Company records a charge to reflect the estimated realizable value of its CRDA investments.

The twelve Atlantic City casino properties (the "AC Industry") and the CRDA have entered into an agreement with the New Jersey Sports & Exposition Authority (the "NJSEA") to provide funding to subsidize New Jersey's horseracing industry. In exchange for this funding, the NJSEA and the three active New Jersey racetracks will not conduct any casino gaming at the racetracks prior to January 1, 2009. As part of the agreement, the AC Industry will provide \$34 million over a four year period to the NJSEA and must deposit another \$62 million into the Casino Expansion Fund (managed by the CRDA). The \$62 million will be derived from funds either currently on deposit or to be deposited with the CRDA pursuant to each casino property's investment obligation. The Company's obligation is equal to its fair-share of AC Industry casino revenues. The Company estimates this commitment over the four year period to be a total of \$3,700, the first payment of which was made November 2004. The total estimated commitment will be charged to operations on

a straight line basis through January 1, 2009. Once the Company meets its deposit obligation related to its fair share of the \$62 million, the Company is eligible to receive funds from the Casino Expansion Fund for qualified construction expenditures. The Company has until June 30, 2014 to submit an application to exhaust its share of the Casino Expansion Fund. Any funds not transferred out of the Casino Expansion Fund by the required date will be transferred to funds on deposit with the CRDA pursuant to its ongoing investment obligations.

Allocations and transactions with related parties

The Company transfers cash in excess of its operating needs to Harrah's on a daily basis. Harrah's provides the Company with cash advances for capital expenditures and working capital needs.

Certain executive, administrative and support operations of the Company and other Harrah's affiliates are consolidated, including limousine services, advertising, sales and marketing services, purchasing and other administrative departments. Costs of these operations are allocated to or from the Company either directly or using various formulas based on estimates of utilization of such services. Management believes the methods used to allocate these costs are reasonable.

Harrah's allocates certain expenses to the Company, such as information technology, internal audit and risk management. These expenses are allocated using various formulas based on estimates of utilization of such expenses. Management believes that the methods used to allocate these costs are reasonable.
